## The Cummington Ladies Lunch Bunch

The Cummington Ladies Lunch Bunch met for their last-of-the-season lunch on November 11th at Pine Hill Orchard in Colrain. It was a wonderful get together of friends. See you next year!

From the rear left to right: Karen Landry, Anne Parsons, Jeanette Horton, Carolyn Wolf, Cynthia Joyner, Front row: Mary Esther Streeter, Edith Morton, Rosemary Graf, Hattie Fuller, Helen Merritt, Carolyn Urekew and Peg Daniels.

## The Council on Aging Extends a Heartfelt THANK YOU

to those in our community who continue to generously donate to help support our programs. We are grateful and appreciate all that you have done and continue to do! It is because of the generous donations we have received that we are able to keep our programs going and have even been able to start new ones. The words Thank You just don't seem to cover the gratitude I feel!

who would be willing to participate in our Neighbor to Neighbor program. We always need drivers! While the FRTA van use is encouraged, there remains a need for the one on one driver. It could be taking someone to grocery shop or to a Dr.'s appointment. If you would or could be interested, please call Carolyn at 634-2262.

We are also searching for anyone interested in joining the Board of Directors. If you are interested, please call Carolyn, 634-2262, on any Wednesday or Friday 9AM – 12PM.

Please remember the FRTA van is running for your use. You do need to have an application in with FRTA **before** you need to use it. I have the applications. If you need one please let me know and I will get one to you.

Also, if you have MassHealth and need a ride to go to the Doctor, ask him/her for the form that you would need to submit **prior to** calling the number on the back of your MassHealth card.

**A New Town Phone Book** is being compiled. If you do not wish to be included in it, call Anne Parsons at 634-5707, or at mistertimothy@verizon.net. Deadline is Dec. 31<sup>st</sup>.

# Regional Content

**The Northern Hilltowns Councils on Aging Consortium** met on October 19<sup>th</sup>. In attendance were Council on Aging directors from the participating towns as well as Peg Whalen (regional COA coordinator), Sherry Loomis (newsletter designer), and Marcia Klaus, visiting from Highland Valley Elder Services. Marcia from Highland Valley reported on the Money Management Program funded by AARP. This program provides services to seniors who need assistance with budgeting, banking, and bill paying.

The Consortium discussed the grant of \$5550 from Highland Valley Elder Services for outreach services and agreed that the funds would go in large part for a program coordinator and secondarily to support the Williamsburg COA Companion Program. Peg reported on the transportation survey that was recently completed and will be mailed to area seniors as well as be made available at events and at COA offices. The purpose of the survey is to assess the needs of each town's seniors in regards to transportation. To ensure that the survey results reflect the true needs of each town, every area senior is encouraged to participate. Please be on the lookout for a survey in your mailbox in the coming months. Sherry Loomis, newsletter designer for the area town COAs, was commended for her high quality work on the newsletters.

**The Northern Hilltowns COA Consortium** has received a grant from Highland Valley Elder Services (HVES). This grant is in addition to the state grant that provides my outreach to your town. Administered by the Chesterfield COA, it supports a new regional Community Connections Program (CCP) across our seven hilltowns. The CCP addresses isolation among seniors. Each town will develop its own version of Community Connections to identify seniors who are shut-in, isolated or alone more often than they want; the second is to identify residents willing to volunteer to make a connection with a town senior who is isolated or alone. I will give updates on the regional program steps as we take them. In the meantime please consider being part of CCP.

HVES has also awarded a grant to the Chesterfield COA, as reported in the November Chesterfield COA newsletter, which will partner with 4 other Northern Hilltown COAs to provide regional opportunities for social contact and isolation relief by offering regular programs for fitness, well-being, socializing, and enrichment programs in Cummington, Goshen, Chesterfield, Westhampton, and Worthington. These towns each have ongoing COA activities and events that are open to senior residents of other towns. In the past, different towns have offered dance lessons, osteoarthritis exercise, Tai Chi, square dancing, men's breakfasts, computer classes, origami, hiking, and museum trips. The grant will help underwrite these activities and more throughout the next two years.

## TRIAD

It is the season...

Here come the charities! All right, I do favor some charities, but when they get too aggressive in their fund-raising, I get upset. A couple of years ago a friend bemoaned the fact that she HAD to donate to one of our nations' top animal charities. Turns out they sent her a coffee cup with her name on it, un-requested. She couldn't send it back of course, so was fretting about it when she got a call. The organization tried to make her feel obligated to send them money. Bad bad bad. The deal is, if someone sends you something you have not asked for, like a cup or tote bag or stationery, you do not have to send them money. You can, if you choose, but it is your call.

A reminder for the giving season. An option exists for seeing if a charity is legitimate, effective, and efficient. Some charities spend a large percent of their income on marketing and items not directly related to the topic of the charity, and you have the right to not reward them for their bad habits.

A comprehensive web site I like is Charity Navigator, at <http://www.charitynavigator.org>. They investigate various charities by category on a regular basis and provide a rating with a lot of information. The ratings and scores are in two categories. One is financial, things like fundraising expenses and efficiency. The second is accountability and transparency, e.g., have an independent Board, audited financial condition, and documentation. Additional information spotlights their revenue and expenses. You can compare the ratings of multiple charities.

Please stay safe...

Senior   
**SAFE**

**Seniors Aware of Fire Education:**

Senior SAFE addresses not only fire safety problems for older adults, but also other life safety issues. Our Senior SAFE question of the month is: **How can we keep the holiday tree safe?** A few things that can help you have a safe holiday: **Keep trees and greens away from heat sources; Water a cut tree DAILY; Never leave a lit tree unattended; Switch to cooler LED lights; Dispose of a cut tree before needles dry out!** The Senior SAFE program is sponsored by the Massachusetts Department of Fire Services and some of our local fire departments. Have S.A.F.E. holidays!

**The Cummington Council on Aging says THANK YOU to our Generous Supporters!**

If you haven't already, won't you please consider making a contribution? Your help will support our monthly newsletter and our Neighbor to Neighbor transportation program. Many of the folks receiving these services would be isolated without our help. If you would like to make a donation, please fill out the form below and send it with your check made out to the Cummington Council on Aging and write "program support" in the memo line. We thank everyone for their continuing support.

## BY REQUEST by Peg Whalen

During a recent discussion, a woman I visited she said she got her pet because she “needed someone to love. Everyone needs someone to love”. Others have told me their animal friend gives them a reason to go on. Do you have an animal companion? Do you have animal visitors on a regular basis. Would you like to get a pet but have concerns about caring for a cat, dog, bird? One of my dearest wishes is to create a way for seniors to have pets knowing that, when you are unable to care for your companion, there is someone or someplace prepared to love and care for them.

As for myself, I am a human companion to Jill, a 10 year old Pembroke Welsh Corgi. Jill has her own issues with aging, weak hips, recurrent bladder stones and urinary infections, arthritis in her joints. Jill lost her 86 year old companion less than a year ago, resulting in needing to move from her home. In a way, she is living with me in senior assisted living, canine style!

I have a request to make of you. If you often are alone I want to hear from you. How many days in a week are you alone? (Meaning, you see no one else face-to-face [phone calls do not count]) Are you a people person? Or do you relish your solitude and peace? Please share your thoughts or story with me. That is why I am here. Touching base would be very nice.

Please note that I have a new local number, email address and postal address listed at the bottom of the page. So, when you have a request about a topic you would like me to discuss in the newsletters, just let me know.

## Outreach Report by Peg Whalen

The past two months of outreach have been exciting and varied. In addition to attending regular luncheons, I also was invited to two Veteran Celebrations and Recognition breakfast in Westhampton and lunch in Worthington. It was good to meet the many northern hilltown residents who have served for our freedom. I was reminded not only of the ongoing sacrifices made by active duty military and veterans from our area but also the sacrifices and challenges faced bravely by military families. The costs of war and freedom are enormous and often suffered silently. Please keep our hilltown military families in your thoughts and throughout the year honor the military families and veterans you know.

In addition to general events, I have been involved in two activities I am eager to share with you. After our November newsletter went to press, I attended the Massachusetts Association of Councils on Aging (MCOA). The conference was three days of workshops and presentations to benefit the participating aging services professionals, COA coordinators and the citizens we serve – that’s you. Among the dozens of ideas I came back with are 1) the importance of teamwork with fire and emergency personnel, 2) organizing presentations about older adult collecting versus hoarding, 3) developing a regional, mobile LGBT senior center, and 4) offering AARP sponsored Life Reimagined Checkups in several locations [more about these ideas in future issues].

The second activity has been very exciting. In September I was approached by Ann Irvine from Plainfield. Ann talked to me about a book she had read,

*Being Mortal*, by Atul Gawande [available in your town library, area bookstores, online, and in Kindle and Nook editions]. Over four weeks the group met on Thursday afternoon’s from 3:00 – 5:00 in a community room in Plainfield. Attendance and interest was high with twenty-one people at the first meeting! So here’s the regional plan. After the holidays I will be scheduling *Being Mortal* discussion groups from January through June. Each town will have one or more discussion groups scheduled. Most will meet during daylight hours, but I will hold a couple groups at night so that those who work during the day have the ability to participate. I also am interested in offering an LGBT focused group if interest is sufficient to form a discussion group. So please watch for a forthcoming newsletter issue for a community discussion group coming to your town.

In the meantime, if you have not read the book *Being Mortal* by Atul Gawande please do so. I think you will find it thought provoking and helpful in thinking about the rest of your life. Let me know what you think of the book, the groups, the LGBT focused discussion, or anything at all. I do mean it when I say I want to hear from you!

Well that’s the update for now. Please be in touch. I do mean it when I say I want to hear from you!
